

HARMONIZED SYSTEM
COMMITTEE

-
30th Session
-

NC0647E1

O. Eng.

Brussels, 14 October 2002.

CLASSIFICATION OF A FANTA BEVERAGE BASE

(Item VIII.22 on Agenda)

Reference document :

NC0636E1 (HSC/30)

I. BACKGROUND

1. Following the preparation of Doc. NC0636E1, the Secretariat contacted the **Confederation of International Soft Drinks Association (CISDA)** with a view to clarifying the nature of the “flavour compounds” comprised in the mixture of concentrates of orange oil, terpeneless orange oil, other citrus oils and flavour compounds.

II. NOTE FROM CISDA

2. On 3 October, the Secretariat received a note from **CISDA**, from which the following information has been excerpted :

“[...] we may inform you that the “flavour compounds” mentioned in our letter of 17 September all comply with the definition of odoriferous substances as given in Note 2 to Chapter 33. These flavour compounds are composed of aldehydes and esters. They amount to approximately 10 % of the odoriferous substances in **Fanta Orange OR-154 Part 2.**”

III. CONCLUSION

3. The Committee is invited to take into account the additional information provided by **CISDA**, reproduced in paragraph 2 above.

File No. 2955

Note : Shaded parts will be removed when documents are placed on the WCO documentation database available to the public.

For reasons of economy, documents are printed in limited number. Delegates are kindly asked to bring their copies to meetings and not to request additional copies.
